Clothing and Textiles Sewing Project

No sewing experience necessary. All levels of experience are welcome to join us! Members are able to choose a project of their choice—appropriate to the skill level. Quick, rewarding beginner projects could include shorts, pajama pants or a skirt with an elastic waistband using a medium-weight cotton or cotton/polyester woven, non-stretch fabric (flannel is an excellent option). Other skill level members should pick a project with a higher level of challenge than previous projects required. The November project meetings will be November 5 and 19 from 5:30 – 8:30 pm in the basement of Valley Bank (Main Branch) in Belgrade, 98 N Broadway. Please be sure to bring the following in order to begin working on your project. You will need to bring: sewing machine and necessary accessories; extension cord; project pattern including instructions and pattern pieces; appropriate fabric yardage; notions (interfacing, elastic, buttons, etc) as listed on the back of the pattern envelope; sewing tools including: straight pins, tape measure, hem gauge, marking tool, fabric scissors, paper scissors, seam ripper, extra sewing machine needles, project book, pencil or pen. For other ideas, help selecting a project and fabric or any questions, please call Janell Barber at 539-1301.
